# Q RAQUEL

## THE LONGEST JOURNEY

Being loved by people who has different tastes, having a unique aroma and being a popular cigarette brand in a wide geography from England to Africa, sometimes requires a long journey.

Just like when tobacco first spread to the world, today as Raquel, we bring our tobacco from Brazil in order to offer the most pleasant smoking experience.

We make the final touch in our modern facilities with American Burley and Virginia blended tobaccos for cigarette smokers.
